

MARRIED IN LONDON – with chords

(Janis Ian)

 C Am F C
We're married in London, but not in New York
Dm C/E F G
Spain says we're kosher. The States say we're pork
 C Am F C
We wed in Toronto. The judge said "Amen"
 Dm C/E G7sus4 C
and when we got home, we were single again

It's hard being married
and living in sin
Sometimes I forget
just which state I am in
Thank God I'm not Catholic
I'd be a mess
trying to figure out
what to confess

My passport in Sweden
says I've got a wife
Amsterdam tells me
I'm partnered for life
But back in America
land of the free
I'm a threat to
the national security

If I were a frog
here is what I would say
It's hard being green
It's hard being gay
But love has no color
and hearts have no sex
so love where you can
and bugger the rest
